Notifications by the Government of His Highness the Maharaja of Mysore.

GENERAL AND REVENUE.

No. FL. 1268—G. F. 86-09-1, DATED BANGALORE, 24TH AUGUST 1909.

ORDER.—Under the system hitherto in force, the financial programme of Government for any particular official year was announced by the Dewan in his speech to the Representative Assembly in September or October of that year, *i.e.*, after three or four months of the year had elapsed. A copy of the State Budget was also laid on the table of the Assembly for the information of the Representatives and through them, of the public. The facts connected with the financial administration for any year thus came to the knowledge of the public rather late in the year and information furnished was by that time stale. Under these circumstances the Government have resolved that with effect from the year 1909-10 the State Budget should be published in the official Gazette at the earliest possible date after it is finally passed by His Highness the Maharaja. This procedure, it is hoped, will enable the public and the Representative Assembly to become acquainted with all the details of the financial programme of the year in good time.

2. Accordingly the State Budget for 1909-10 with a brief financial statement explaining its salient features was published in an extraordinary issue of the *Mysore Gazette* on 6th September 1909.

Then it turns to the north and runs along the eastern boundary of Survey No. 198 and crosses the Mysore-Bangalore road, reaching the southern boundary of Survey No. 188. From there, it takes an easterly direction till it reaches the south-eastern corner of that survey number. Here it turns in a north-easterly direction till it meets the contour line of the Mandya tank at the north-west point of Survey No. 186. It then takes an easterly direction along the boundary line of the contour of Mandya tank and reaches the south-eastern point of the same tank on the edge of the Mysore-Bangalore road. From this place it goes north till it reaches the south-western point of Survey No. 880. Then it runs eastward till it reaches the eastern point of Survey No. 882.
